

JACK DILLON AND BAT LEVINSKY IN MANY RING BOUTS

These Light Heavies Fought More Than Fifty Times During 1915; Bowling Congress to Be Held Next March.

BY MORNING JOURNAL SPECIAL LEADER WRITER

New York, Jan. 4.—The past year has been one of remarkable activity among the boxers, particularly those of the United States and Austria. Bout ranges all the way from the four round decision contests to the knockout of forty-five rounds or a knockout have been staged in these or adjacent countries and while the shifting of titles have been few almost every one of the recognized champions has defended his pugilistic crown one or more times during 1915.

Considering all classes of bouts, whether short and decidedness or to a finish, the records show that a group of some fifty of the leading pugilists fought close to 800 ring battles during the twelve months just completed. If the list is enlarged to include their opponents the total number of boxers engaged in these contests would aggregate more than one thousand and exceed more than \$1,000,000 of dollars.

A striking feature of the record is that the lists show the boxers in the intermediate classes were the ones that fought most frequently. Battling Levinsky and Jack Dillon, light heavyweight participants, participated in fifty odd battles with the "Battler" having a margin of four bouts over Dillon. In the lightweight class Charley White, Freddie Welsh, Ted Lewis, Johnny Dundee and Eddie Wallace were the leaders in number of contests fought. Among the heavyweights Sam Langford, Sam McVey, Fred Fulton, Gunboat Smith, Al Heiden and Jim Flynn were the biggest boxers. The best showings, where decision bouts only are considered, were made by Charley White, Les Darcy, Eddie Fulton, Frank Moran and Jess Willard battled at a 100% gain winning every contest in which they engaged although the total number amounted to but four fights.

At the recent meeting of delegates from the numerous sport governing bodies, held in New York City to clarify the definition of an amateur, an effort was made to incorporate in the rules a clause requiring that when an athlete gave away a medal or prize he should file with the secretary of his association the name and address of the recipient of the gift. A perfect howl of protest arose from those attending at the suggestion that others were sotto voce comments about "Woman Hater," "Heartbreakers" and other remarks which led to the belief that athletic medals and trophies were popular with the fair sex.

Elaborate arrangements are being made for the sixteenth annual tournament of the American Bowling congress in Toledo March 4 to 6. Toledo bowlers are well organized and will contribute as their share of the entry about 200 teams, being followed by Chicago with 190 teams, while it is predicted that the lists will include over 600 teams of five men each. 1,500 teams of two bowlers each, and over 3,000 individuals bringing the entry fund close to \$15,000. Two-thirds of this will be returned to the contestants in prizes which will approximate \$20,000.

The plans call for the installation of six new bowling alleys and contracts have been signed for 600 sets of hard maple pins. All are to be delivered four weeks prior to the opening date of the tournament in order that they may become thoroughly acclimated.

That Sweden's prospects for international athletic championship honors are more than promising may be judged from the rather confident reports made by King Oscar's national athletic instructor, Ernest Hirschberg, who arrived here a few days ago to spend a brief vacation. Hirschberg, who is well known in America as an athlete and successful trainer, says that in his opinion Sander, a 20-year-old student at Upsala university, is possessed of powers of endurance and sufficient speed as a distance runner to give Kolchaisen, the Finnish-American champion, a hard race. Sabin of the Marieberg Athletic club is a jumper from whom the national trainer expects fine results as he has a record of 13 feet for the high, step and jump. Wide Nudd of the Jota Athletic club is the fastest miler in that country, having a mark of 4:29 for the distance. In addition to these Hirschberg has Soder, a high jumper, who has cleared the bar at 7 feet, 6 inches, and a broad jumper, with a record of 22 feet, 6 inches. All of these stars are to represent Sweden at the 1916 Scandinavian championships, which are to be held in Norway. The former American trainer expressed the opinion that there is no chance for an Olympic meet until the European war is ended and he believes that such an event is fully two years off.

Milwaukee, Wis., Jan. 4.—"Snowy" Baker, leading promoter of Sydney, N. S. W., has authorized Tom Andrews, local promoter, by cablegram to arrange, if possible, with Mike Gibbons of St. Paul, and Young Ahearn of New York for twenty round bouts with Les Darcy, the Australian middleweight champion. Negotiations with Gibbons and Ahearn are now progressing, according to Andrews.

AN EXCEPTION.

Though Christmas gifts should always make men glad and gay and cheerful, some greet the neckties that they get with optics sad and tearful.

Some greet their neckties with a lot of hot and hateful hisses.

But me—I like the neckwear that is purchased by the masses.

P.S.—I gotta make a big truck for New Year's Eve.

\$525,000 IS PAID FOR 800 SHARES OF BROWN STOCK

Phil Ball Will Replace Robert Lee Hedges as President of New St. Louis Club of American League.

BY MORNING JOURNAL SPECIAL LEADER WRITER

St. Louis, Jan. 4.—The sale of the St. Louis Americans' 100 shares to Phil Ball and other stockholders of the St. Louis Federal club, was completed tonight, it was announced by attorney for Mr. Ball. The compensation of this deal was provided for in the peace agreement between representatives of organized baseball and of the Federal league which was signed at Cincinnati about two weeks ago.

The price of the Browns was \$525,000. This sum was paid by Phil Ball, James W. Gorham and Otto Stahl for 800 shares of stock in the ball club and the Dorothy Beatty company the owner of the local American League park and grandstand.

Robert Lee Hedges, president of the old Browns, held controlling interest in both ball club and Dorothy Beatty. He received \$566 a share for his 800 shares of stock, a total of \$452,960.

He will be president of the new Browns.

Walter Jones, manager of the old Federals, becomes manager of the new Browns. Branch Becker, former manager of the Browns, will be retained probably as a scout or in the business office.

SALE OF CUBS TO OKLAHOMA OIL MAGNATE SEEMS ASSURED

Cincinnati, Jan. 4.—The sale by Charles P. Taft of the Chicago National league club to Harry F. Sinclair, the Oklahoma oil magnate, appeared assured tonight. It is expected that final details will be arranged at a meeting of Charles Wright, former president of the Chicago Federals, Taft and Sinclair here tomorrow.

Shortly and Taft met for an hour today while the national baseball commission marked time. The members of the commission discussed various matters that will come up tomorrow at the meeting of the joint committee appointed to settle the dispute between the Federal and International leagues relative to the peace agreement recently signed here.

Mr. Sinclair was decidedly optimistic as to the outcome of the deal for the Cubs after his conference today with Mr. Taft. He intimated that the only reasons the deal was not completed today were that it required considerable time to swing a deal of this caliber and that Mr. Weegman was not present.

TINKER WILL TAKE THIRTY WHALES AND CUBS TO CAMP

One of the results of the present war is that our money market has become stabilized. In spite of the unsettled condition of the Willard-Fulton match there is no sign of a panic in Wall street.

A very commendable investigation of the Willard-Fulton match would report that it is "Somewhere in Stato Quo."

There was a Fulton once who made a fortune out of steam, but the latter-day Fulton thrives on hot air.

LANDY AND VACK TO 'DO DOUBLE DUTCH' AT LEE TESTIMONIAL

Perhaps you don't know what it is to "do double Dutch." If you will go to Columbus hall next Monday night and watch Ernest Landy and Frank Vack in their principal stunt, you will find out.

Those who have seen Landy when he had a head of steam on know that he is the best amateur Dutch comedian that ever hit Albuquerque. Those who have seen Frank Vack in his imitable character impersonations at the Crystal theater during the engagement of the James P. Lee Musical Comedy company do not need to be told that as a Dutch comedian he is in the big league class.

Landy and Vack have arranged a double Dutch stunt that will have the fans laughing so hard they will have to send for the doctor. It is something after the manner of Weber and Fields, and is guaranteed to drive dull ears so far away that it will never be heard from again.

This is only one of the many screaming features that will be offered to the public at the testimonial performance to be given for "Jimmy" Lee at Colombo hall next Monday night. Amateurs and professionals will mix up so that you can't tell which is which. It will be one long laugh from beginning to end, without a dull moment anywhere in the program.

And after it is over there will be a big dance. The music will be furnished by the Eliza Fuhrmeyer orchestra, and there will be still more fun for those who like to tread at measure.

Friends of "Jimmy" Lee have taken active charge of the sale of tickets, and there is every prospect that there will be a capacity crowd at Colombo hall Monday night.

GETS DECISION OVER WHITE.

Boston, Jan. 4.—Matt Wells, former lightweight champion of England, tonight named a referee's decision over Charley White of Chicago. The bout was of twelve rounds.

GOT RIB OF A BACKING LA GRIPPE COUGH—IT WEAKENS.

For the severe hacking cough that comes with influenza, Foley's Honey and Tar Compound is wonderfully healing and soothing. It eases the tightness over the chest, raises the phlegm easily and helps the hacking, tearing cough that is so exhausting and weakening. R. D. Collins, druggist, Birmingham, N. Y., says "Foley's Honey and Tar Compound soon stops the severe, hacking cough that completely exhausts me. It can't be beat." Said everywhere.
